

Option 1

Hi .....

My name is \_\_\_\_\_, I am the owner of \_\_\_\_\_ **which is a business** that trains dogs to find missing people. We are ideally looking for locations that create a real life environment for our training and your premises would be fantastic. We were wondering if you would be so kind to allow us to use your premises during your quietest times or at the most convenient for you? The dogs are all trained individually and are on a lead at all times. There will be no more than 5-6 people. We are very respectful of all the areas we currently train at and would be at yours. If you require more information or require any references from our current locations, please let us know.

We are fully insured and can provide proof of insurance and we are DBS checked.

We would really appreciate your help,

We look forward to hearing from you.

Kind Regards,

Option 2
